

Help Your Teams Work Better Together

GROUP CONTINUA

Are some members of your team more focused on logic vs. feelings? Realities vs. possibilities?

With Group Continua on Catalyst™, teams can quickly visualize the preferences and tendencies of the people they work with every day.

Group Continua on Catalyst™

Group Continua on Catalyst is an effective (and fun!) tool for teams to build connection and community using DiSC®. By plotting members along eight different behavioral continua, teams gain straightforward language for safe conversations about differences, helping them reach new levels of performance. With Group Continua, teams can:

- Recognize strengths and challenges
- Communicate with clarity
- Make better decisions
- And more!

Curious about your team? Check out Group Continua on [Catalyst](#) today!

Getting Started

Group Continua, can be found in the Your Groups feature under the Group Insights tab. To use this feature, learners must:

- Create and save a group among Catalyst learners within their organization
- Click into Group Insights
- Scroll to Your Group by Tendency
- Explore all eight group continua to discover group dynamics.
